

Report on collected tolls 2024.

in accordance with Article 12a of the Toll Regulation (Official Gazette 88/24), the Company is required to public data regarding collected tolls. The Company determines the toll in accordance with the provisions of the Concession Agreement and is not subject to aligning it with the provisions of the Regulation (Article 12c).

The toll amount is calculated based on the rate for vehicle category I and is proportional to the distance traveled of the section for the specific vehicle category. Tolls for vehicle category IA, II, III, and IV are calculated relative to category I using the following ratios: IA = 0.6 x category I; II = 1.5 x category I; III = 2.3 x category I; IV = 4.5 x category I. Two toll rates are applied: "Closed toll rate – section" and "Closed toll rate – transit".

Toll amounts:

2024.	"Closed toll rate – section" for Vehicle Group I	0.10 EUR/km
	"Closed toll rate – transit" for Vehicle Group I	0.13 EUR/km

Total toll revenue (excluding VAT):

2024. 44.337.949 eura

Toll revenue is used for payment obligations to creditors and lenders, management costs, maintenance and capital maintenance costs, procurement of tangible and intangible assets.
